CAREER OBJECTIVE

As a software developer seeking a challenging internship opportunity. I offer a strong foundation in programming languages, problem-solving, and software development methodologies. I bring a collaborative approach to innovative projects and eager to leverage my skills in developing scalable and efficient solutions, and learn from experienced professionals in the field. My goal is to contribute my technical skills to support the team to achieve its goals and further develop my expertise and make a meaningful impact in the field of software engineering.

LEARNING OPPORTUNITIES

Software Development (Backend) – AltSchool Africa   December 2023 - May 2024

- Wrote efficient server-side code in Node.js and Express.js to handle the server-side logic of an application.
- Conducted unit tests to ensure the software was free of bugs before its release.
- Assisted with the deployment of software applications to production environments and monitored its performance.
- Optimized the database schema and queries to improve data retrieval speed for the application.
- Integrated encryption and secure authentication protocols to safeguard user data in the application.

Web Design (Figma) & Development – Udemy   January 2023 - March 2023

- Conducted thorough user research through surveys to understand user needs and preferences.
- Created wireframes and interactive prototypes to visualize and test design concepts before development.
- Designed engaging animations and interactive elements to enhance user interaction.

Frontend Development – Softicu Tech Hub   July 2022 - December 2022

- Expertly used HTML, CSS and JavaScript to create a dynamic and visually appealing websites.
- Ensuring the sites had a responsive design, providing an optimal experience across devices.
- Optimizing images and scripts to improve web performance and reduce loading times.
- Using Git for version control, managing code changes, and collaborating effectively with my team.

EDUCATION

Bachelor of Science in Computer Science   February 2025
National Open University of Nigeria
